#### **DEFINITION OF NURSERY STOCK**

"Nursery Stock" means:

(A) All field-grown, greenhouse-grown or collected wild stock of woody plants such as fruit, forest, windbreak, shade and ornamental trees, shrubs or vines for fruit production, ornamental or protective plantings and herbaceous perennials used as ornamentals;

(B) All plants, rooted cuttings and plants with roots attached grown from bulbs, corms, tubers, rhizomes or other vegetative parts, whether produced out-of-doors or under glass and whether grown in open ground or in benches, boxes, pots or other containers;

(C) All bulbs, corms, pips, rhizomes, tubers, roots, cuttings, scions, grafts or other vegetative parts of plants; and

(D) All ground cover, including sod, plugs and vegetative mulches and compost.

#### **GENERAL SHIPPING REQUIREMENTS**

(A) No person shall engage in the business of selling, offering for sale or distributing nursery stock within Wyoming without first obtaining a license from the state department of agriculture. The fee for a license shall be the fee authorized by W.S. 11-1-104.

(B) No person shall act as a nursery stock salesman without first securing a license from the state department of agriculture. The fee for a license shall be the fee authorized by W.S. 11-1-104.

(C) No nonresident shall sell, take orders to sell, offer for sale or distribute nursery stock which has been grown outside this state without first securing a license from the department of agriculture. The license fee for each establishment shipping nursery stock into Wyoming shall be the fee authorized by W.S. 11-1-104. No license shall be granted to a nonresident unless the applicant agrees to furnish with each shipment of nursery stock an affidavit stating that the nursery stock to be sold, offered for sale or transported into Wyoming has been inspected by the proper state, district or county officials of the state of origin and found free from injurious insects, plant diseases and prohibited, restricted, regulated or designated noxious weeds.

(D) Licenses granted to nursery stock dealers or salesmen expire on March 31 of each year. All license fees collected shall be deposited in the general fund.

(E) Charitable and educational institutions shall be exempt from licensing requirements imposed by this section.

(F) Any person receiving directly or indirectly any nursery stock which is not accompanied by a valid shipping inspection certificate shall notify the department of the arrival of such stock, the kinds and amounts of the stock, and the name of the consignor, and shall hold the stock until inspected and released by the department.

(G) Public carriers shall not accept for shipment nursery stock that does not bear a proper affidavit showing apparent freedom from injurious insect, plant diseases, other pests and prohibited, restricted, regulated or designated noxious weeds.

(H) Any person shipping, selling or distributing nursery stock from out of state shall furnish with each shipment of nursery stock a plant inspection or health certificate stating that the nursery stock to be sold, offered for sale or distributed into Wyoming has been inspected and issued a plant inspection or health certificate by the state of origin.

(I) Resident nursery stock dealers shall request an inspection of any nursery stock to be shipped out of Wyoming. An annual inspection shall be sufficient for the purposes of this subsection. The department shall issue a plant inspection or health certificate after inspection by the department of the premises and nursery stock.
