Date: September 18, 2006

SUBJECT: Quarantine of Entire State of Iowa for Pine Shoot Beetle (PSB) (*Tomicus piniperda*)

TO: STATE AND TERRITORY AGRICULTURAL REGULATORY OFFICIALS

This SPRO memorandum provides notification that APHIS is quarantining all counties of Iowa for PSB (*Tomicus piniperda*) following declaration by the state that it will not be implementing an intrastate quarantine for this pest in response to PSB detections in Dubuque and Scott Counties. This action is effective immediately. Attached is the [Federal Domestic Quarantine Order](#) for the subject action.
