DA #2005-29
September 16, 2005

SUBJECT: Pine Shoot Beetle (PSB), *Tomicus piniperda*, Notice of Quarantined Area

TO: STATE AND TERRITORY AGRICULTURAL REGULATOR OFFICIALS

This memorandum provides notification, effective immediately, for quarantine of all counties of Minnesota for PSB, *Tomicus piniperda*. This action is in response to the decision made by the State of Minnesota, communicated to U.S. Department of Agriculture, Animal and Plant Health Information Service via memorandum of August 11, 2005, to end intrastate quarantine of counties where PSB has been detected.

Interstate movement from Minnesota of articles regulated for PSB must be in compliance with the stipulations of 7 CFR 301.50.

This action is authorized by 7 CFR 301.50-3 (b) which provides for temporary designation pending publication of a rule to add new areas to the list shown in 7 CFR 301.50-3 (c).

The 7 CFR 301.50-3 (b) further requires written notification be given to the owner or person(s) in possession of a newly quarantined area. This is the responsibility of the Federal and State regulatory personnel in charge of the PSB program in the affected state.

If you wish more details on the Federal regulatory program, you may contact Staff Officer Weyman Fussell at (301) 734-5705.

We appreciate the cooperative relationship with the State of Minnesota in all matters of plant health.
